Information for using this manual

- The screenshots within this document were taken from the Guarantees Portal whilst using Google Chrome. Those using other versions of Internet Explorer or other Web Browsers (Firefox, Safari, Internet Explorer etc.) may see subtle variations in the appearance of the Guarantees Portal.
- **“Breadcrumbs”** – outline the route by which the User got to their current location within the system, similar to a file path. They can be used to navigate around the Guarantees Portal.
- **“Hyperlinks”** are represented by a **blue bold** font. The contents page is linked automatically. To utilise a link, the User should move over the link text, wait until the cursor changes to a **“Hand Pointer”**  and ‘Click’ or alternatively select CTRL + ‘Click’.

Preface

This Guarantees Portal Manual provides operational guidance to support a Lender in their CBIL administration of CBIL facilities on the Guarantees Portal.

The new CBIL Legal Agreement is made up of a core Agreement plus Agreement Supplements, which contain the terms relating to specific types of lending – Term Loan, Invoice Finance, Revolving Credit and Asset Finance – CBIL can support. Lenders only sign up for the types of lending they wish to use.

This new CBIL Term Loan & Revolving Credit Facility Guarantees Portal Manual follows the typical lifecycle for a CBIL Term Loan or Revolving Credit Facility. The guidance within this Guarantees Portal Manual is appropriate for those accredited Lenders using CBIL to support Term Loan lending and Revolving Credit Facility lending. Lenders using CBIL for Invoice Finance or Asset Finance should refer to the separate Guarantees Portal Manual covering these lending types.

The CBIL Term Loan and Revolving Credit Facility Guarantees Portal Manual also includes copies of revised CBIL documentation, which will be produced by the Guarantees Portal and which all accredited Lenders are required to share with CBIL Borrowers.

Legal Disclaimer

This Guarantees Portal Manual replaces all previous versions issued by the British Business Bank (“BBB”).

The Guarantees Portal Manual is a Scheme Document as defined in the CBIL Legal Agreement between the Secretary of State for the Department for Business, Energy and Industrial Strategy (“BEIS”) and the accredited Lender and is advisory in nature.

In the event of any inconsistency between the guidance within this Guarantees Portal Manual and the terms and conditions within the corresponding CBIL Legal Agreement and Supplements, the CBIL Legal Agreement and Supplements take precedence. In the event of any inconsistency between the guidance within this Guarantees Portal Manual and the content of the Lender Manual, the Lender Manual takes precedence.

For ease of use, this Guarantees Portal Manual at times uses different terminology to that used within the corresponding CBIL Legal Agreement and Supplements. Where terminology differs, a Glossary is provided at the end of the Lender Manual to provide a read across to the corresponding definitions within the CBIL Legal Agreement and Supplements. Terms not defined in this Guarantees Portal Manual shall bear the meaning given in the corresponding CBIL Legal Agreement and Supplements.

Lender Queries and Feedback

CBIL Product Owners within Lender organisations should be able to find answers to most types of CBIL operational queries within this Guarantees Portal Manual or by reference to the Lender Manual. In the first instance, CBIL-related queries from customer-facing and other internal staff should be directed to the Lender's own CBIL Product Owner or in-house expert area. When dealing with such queries, Product Owners are encouraged to refer to the Lender Manual. Where answers to a query cannot be located within the Lender Manual, CBIL Product Owners are encouraged to ask the question "if CBIL did not exist, what would be our approach to tackling this situation according to our normal commercial criteria and guidelines?"

BBB recognises however that there will still be occasions where Product Owners will wish to raise queries directly with BBB. In such circumstances, brief, simple enquiries can be made via the "Ask BBB" function on the Guarantees Portal (see later in this Manual). For more detailed or complex queries, whether they relate to CBIL policy, Eligibility Assessment or any other feature of how the Scheme works, please contact BBB at CBILSLivelenders@british-business-bank.co.uk. BBB will aim to respond to Lender queries within 3 business days of receipt.

Feedback on potential improvements or amendments to CBIL design or processes is usually sought during regular BBB/Lender monitoring meetings and via the independent audit process. Notwithstanding this, BBB welcomes feedback from Lenders on any aspect of CBIL design and/or operations at any time.

1.0 The CBIL Scheme – an Introduction

CBILS was established on 23 March 2020 with the aim of supporting the continued provision of finance to UK businesses during the Coronavirus (COVID-19) outbreak. The CBIL Scheme will run for an initial period of 6 months until 30 September 2020 (the expected “**Scheme End Date**”). After 6 months the Scheme End Date may be extended, or Lenders may be notified that the CBIL Scheme will end and that the terms an alternative Scheme will apply.

CBILS can be used where an SME has a sound borrowing proposition that is capable of repayment but, due to the uncertainty and impact of the Coronavirus (COVID-19) pandemic, the Lender has some concerns over the short-to-medium term business performance of the SME. In such a scenario, a Lender can use CBILS to enable the SME to access funding. In this way, CBILS supports the UK Government in increasing the supply of finance to viable SMEs, which enables businesses to navigate the disruption caused by the Coronavirus (COVID-19) and in turn contributes to the growth of the UK economy.

There are a wide variety of Lenders accredited to participate in CBILS, ranging from the largest clearing Banks to smaller specialist Lenders. CBILS is designed to be a flexible guarantee Scheme which can be used alongside a number of different types of debt instrument, including term loans, revolving credit facilities (committed overdrafts and overdrafts repayable on demand), invoice finance facilities and asset finance transactions. Accredited Lenders can use CBILS to facilitate new lending or, in certain circumstances, to refinance the existing debt of an SME.

Lenders can only use CBILS for the types of lending for which they have been accredited by BBB.

2.0 The Guarantees Portal

2.1 Overview

The Guarantees Portal is the primary means of interaction between the Lender and BBB and this interaction is conducted via a secure, encrypted web-based portal.

- Each Lender can request several Administrator accounts, who in turn can create Lender ‘End User’ accounts as required.
- Lender ‘End Users’ are able to access the Guarantees Portal using their specific details and input data as required.

An audit trail of all transactions is held, and all activity is traceable to a given User.

For details of how to manage ‘Experts’, ‘End’ Users and set up new ‘End Users’ see [14.3 Manage ‘Experts’](#), [14.4 Manage Lender Users](#) or [14.5 ‘+ New User’/\(Create a New Lender User\)](#) respectively.

Lenders have access to two versions of the Guarantees Portal, a ‘Training’ and a ‘Live’ environment. The Training environment duplicates the Live environment in terms of appearance and functionality (except for the colour of the banner). Occasionally the Training environment may be used by BBB and/or Lenders to test or become familiar with the system and any changes, prior to changes being rolled out to the Live environment. Lenders should, therefore, not rely on data entered into the Training environment being retained.

2.0 The Guarantees Portal

2.2 Staging Version

The Staging environment was provisioned to allow Users to test system integration with functionality that BBB have exposed via an API endpoint. For access to the environment, please contact Guarantee Operations. The Staging version has a blue banner.

The web address (URL) for the Staging version is:

[REDACTED]

2.3 Training Version

The Training environment allows Users to learn how to use the Guarantees Portal. Data input into this version is not sent to or reviewed by BBB. To differentiate it from the Live environment, the Training version has a vivid pink banner as opposed to the black banner used in the Live environment.

The web address (URL) for the Training version is:

[REDACTED]

2.0 The Guarantees Portal

2.4 Live Version

The Live version of the Guarantees Portal is where Lenders input and formally record their CBIL lending transactions. This information is accessible by BBB (and its auditors) who are responsible for monitoring CBIL usage by the Lenders. The Live version has a black banner (not pink as per the training environment).

The web address (URL) for the Live environment is:

It is important that Lenders keep the data within the live environment up to date and accurate, including for any 'in-life' events. For ease of reference, it is advised that the URL, if possible, is saved to the individuals 'Favourites' bar.

3.0 Getting Started

3.1 Documentation

Before any borrowing proposal can be entered on to the Guarantees Portal (Facility Entry), the Lender **must** ensure the following documentation is held, or expected to be held for each proposal:

- Data Protection and Disclosure Declaration – To be signed by the Applicant and if appropriate, any personal guarantor.

This document is accessible on the Guarantees Portal and a template is shown in CBIL Term Loan & Revolving Credit Facility Lender Manual Annex 4. Details of how best to print the document can be found at [6.5 Printing Documents](#)

A Data Protection and Disclosure Declaration is also required from all parties providing a Personal Guarantee for the CBIL facility in case their data needs to be shared with partners of BBB in the future.

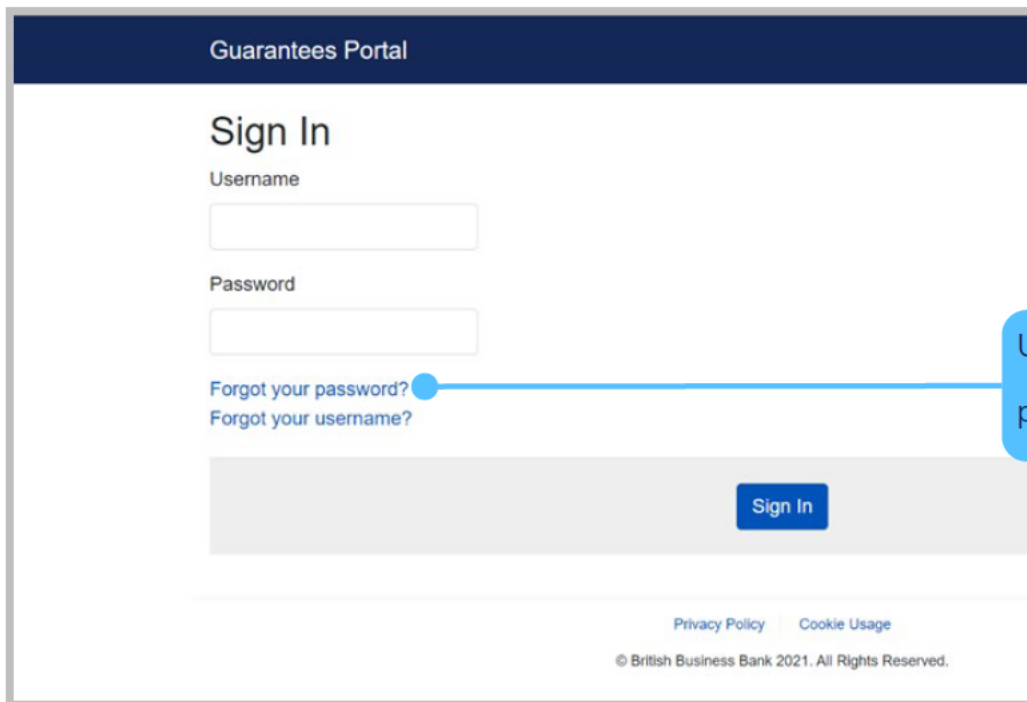

3.0 Getting Started

3.2 Log In

The login screen is shown in screenshot 3.2. To log in to the Guarantees Portal a User will be required to input the following:

- Username
- Password

Guarantees Portal Screen 3.2: Sign in/Log in screen

Users can re-set their password via this link

3.0 Getting Started

3.3 Forgotten Password

If the User forgets his or her password – they should select the option ‘Forgot your password?’. They will then receive a system generated email which will provide instructions on how to re-set their password. **British Business Bank plc does not have the ability to re-set passwords.**

Example of the Email content that the User will receive

Hello xxxxx!

Someone has requested a link to change your password, and you can do this through this link:

[Change My Password](#)

For security purposes, this link will expire after 7 days. If the link has expired, just go back to the [login page](#) and select 'Forgot your password' and you'll receive a new link.

If you didn't request this, please ignore this email.

Alternatively please contact your administrator.

Your password won't change until you access the link above and create a new one.

Users to 'click' the link

Ideally, the web browser should be closed before clicking the ‘Change my password’ link that exists within the email received.

Once selected, the User will see the details within screenshot 3.3.

3.0 Getting Started

Guarantees Portal Screen 3.3: Changing a Password

The screenshot shows the 'Set Your Password' screen in the Guarantees Portal. It includes a header 'Guarantees Portal', a title 'Set Your Password', and instructions: 'As a minimum passphrases should be eight characters long and include a mix of letters, numbers and symbols, but they'll be longer than that. We refer to passphrases as a phrase is usually easier to remember but harder to guess than a short collection of single word.' Below the text are two input fields: 'New Password' and 'Confirm Your New Password'. A blue 'Change Password' button is positioned below the fields. At the bottom, there are links for 'Privacy Policy' and 'Cookie Usage', and a copyright notice: '© British Business Bank 2021. All Rights Reserved.' Two callout boxes are present: a large blue one on the right stating 'Users enter whatever details they want (minimum of eight characters, at least 2 of each of upper and lower case, numbers and special characters).', and a smaller blue one pointing to the 'Change Password' button stating 'Users 'click' Change Password'.

Once the User has changed their password, they will automatically progress to the appropriate 'Home' page (depending on whether their Username is specific to a Lender 'End' or 'Admin' User).

If Users forget their Username they can receive a reminder of their Username by selecting 'Forgot your Username' and they will be asked to enter their email address and provided that is correct, an email will be sent to the user reminding them of their Username. If Administrative Users forget their Usernames (not passwords) then they can contact BBB via the following email address: CBILSLivelenders@british-business-bank.co.uk.

3.4 Changing a Password

Once in the system, a User can change their password by selecting 'Change Password' within the 'Home' page. The User should enter their 'new' password and confirm this via the appropriate fields and 'click' the 'Update Password' button. There will be no email received. The details are simply saved. The User can continue as they would normally.

4.0 Facility States

4.1 Facility State Descriptions

Facilities are recorded within the Guarantees Portal as being in one of the 'states' listed below.

State	Description
Rejected	Applications that fail to meet the eligibility requirements of CBIL.
Eligible	Applications that meet the eligibility requirements of CBIL (limited customer details will have been entered at this stage).
Cancelled	Where a Lender has updated the portal following an Eligibility check to confirm that the application is not proceeding.
Incomplete	Applications where entries are incomplete and are awaiting further information.
Complete	Where the Facility Entry has been fully completed but not offered (full customer details have been entered and eligibility has been confirmed).
Offered	Facilities where an offer has been made to the Borrower (a facility letter has been issued to the customer).
Auto-cancelled	Where a facility has been auto cancelled by the system. This occurs when a facility has not been drawn within six-months of the date of offer.
Guaranteed	Facilities which have been drawn and assumed to be guaranteed.
Lender demand	Facilities where the lender has made a demand on the Borrower.
Repaid	Facilities that have been repaid.
Removed	Facilities that have had the guarantee removed.

4.0 Facility States

State	Description
Auto-removed	Where a demand has been made to the Borrower but no demand to BBB (BEIS) has been made within the required timescale or when the recorded maturity date has been exceeded by 3 months.
Not demanded	Where a demand has been made to the Borrower but a decision has been made not to make a claim against BBB (BEIS).
Demanded	A formal demand has been made by the Lender to BBB (BEIS).
Settled	Facilities where settlement has been made by BBB (BEIS) following a claim on the Guarantee.
Recovered	Any proceeds subsequently recovered that reduce the debt owed by the business and that are due to be paid back to BBB (BEIS) e.g. proceeds from security post claim.
Realised	Any proceeds subsequently recovered after a Lender has reached their Claim Limit that would have been due to be paid back to BBB (BEIS) e.g. proceeds from security post claim.

5.0 Home Page

The 'Home' page is displayed when a Lender 'End User' signs into the Guarantees Portal. This is shown in Screenshot 5.0. The User can return to this page via the text that reads "Coronavirus Business Interruption Loan" – on placement over the text, the cursor should change to a  and on 'click' the User will be returned to the 'Home' page.

The alternative method to return to the 'Home' page is using the 'Breadcrumb' functionality which will appear in the area highlighted below. This works similarly to the file path that Users will be familiar with in many Microsoft applications.

Percentage Remaining:	0%			

Each of the different areas of the 'Home' page will be explained in greater depth in the following sections.

5.0 Home Page

5.1 'End User' Facility Functions

The 'End User' functions are outlined in the following table. A Lender 'End User' can progress a facility from 'start' to 'finish'.

Function	Description	Link
New facility/ start new facility application	The first part of the CBIL process in checking whether a proposal meets CBIL eligibility criteria.	7.0 Provisional Eligibility Assessment
View facility portfolio/ Facility portfolio	A list of the facilities in the Lender's portfolio categorised by Facility State and scheme.	6.3 Option 3 – (View your) Facility Portfolio or View Facility Portfolio
Generate a Facility report	Generate a report of facilities based on a number of chosen criteria within a defined time period.	6.6 Download a 'Facility Report'
Lookup Facility/Search	Locate Facilities using a unique facility reference or via a number of different search criteria.	6.1 Option 1 – Lookup Facility (Using the Facility Unique Reference Number) or 6.2 Option 2 – Search (For a Facility) – (Using Other Search Criteria)

5.0 Home Page

5.2 Alerts

The Alerts system is designed to help the Lender actively manage their portfolio of CBIL Facilities and keep track of any Facilities that are due to be automatically removed from the Guarantees Portal. The Guarantees Portal automatically removes facilities (as being Guaranteed) that are in certain states after a period of 3 or 6 months (depending on the type of the alert/scheme (there will be an additional 10-day period for the offered facilities) without any User update or intervention).

Alert	Description
The number of facilities which will be auto-removed if not progressed to Offered.	Facilities Eligible/Complete – but not yet progressed to Offered.
The number of facilities which will be auto-removed if not progressed to Drawn.	Facilities Offered but not yet progressed to Drawn or Cancelled.
The number of facilities that will be auto-removed if not updated to Repaid within three months.	Facilities that have progressed beyond their scheduled maturity but have not yet progressed to Repaid.
The number of facilities with upcoming tranche drawdowns that are due to be drawn.	Facilities with scheduled tranche drawdowns that will need to be updated on the Guarantees Portal, when drawn.

5.0 Home Page

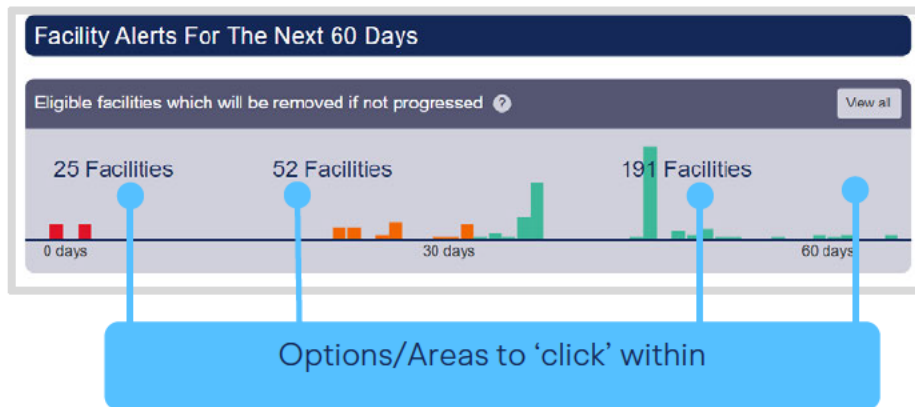

The Alerts section shows facilities (as user action becomes more imminent) using a 'traffic light' approach:

- Action required within 10 days (red).
- Action required within 30 days (amber).
- Action required within 60 days (green).

A full list of facilities within each time period can be accessed by selecting the appropriate bars within the bar chart (via  'click'). The details will then be exposed in another screen. In addition, all facilities within that alert 'State' regardless of time lapsed can be viewed by selecting the "View All" option.

Note that facilities in the "Offered" state which haven't yet been drawn will continue to be shown for a further 10 days in accordance with the CBIL Legal Agreement.

5.3 Utilisation

Utilisation shows a Lender their up to date utilisation against their individual 'Lending Allocation' under CBIL. The following information is shown:

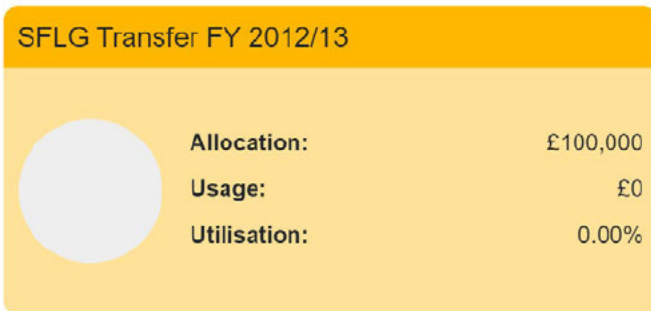

Function Type	Description
Allocation	The Lender's Allocation Limit (i.e. the maximum amount the Lender can lend under the Scheme in that Annual Scheme Period).
Usage	Amount of facilities under Guarantee within the Allocation Limit.
Utilisation	Percentage of facilities under Guarantee within the Allocation Limit.

There is a "Lending Allocation" given to each Lender for CBIL Lending Period. The Utilisation area within the Guarantees Portal should resemble the following ("CBIL Training" within the graphic should be replaced by the appropriate Lending Limit description in the "Live" environment):

5.0 Home Page

Refinance Percentage – This will show Lenders how much of their usage for that Phase will be made up of Refinancing of Existing facilities – this is restricted to 20% of their total lending under a Phase.

Lending Limit Utilisation

5.4 Claim Limits

Claim Limits shows a Lender their up to date utilisation against their individual 'Claim Limit' under CBIL. The following information is shown:

Function Type	Description
Claim Limit	The maximum amount the Lender can Claim for the particular Phase of CBIL lending.
Pre-claimed realisations	The Amount of realisations made by the Lender.
Settled Amount	The cumulative amount of claims settled by the BBB.
Amount Remaining	The amount left to claim following previous settlements by BBB.
Percentage Remaining	The percentage of the original Claim Limit remaining after previous settlements by BBB.

5.0 Home Page

There is a “Lending Allocation” given to each Lender for each CBIL Lending Period. The Claim Limit area within the Guarantees Portal should resemble the following:

Claim Limits

EFG Phase 1 (FY 2009/10)	
	Claim Limit: £31,855,705
	Pre-claimed Realisations: £2,549,494
	Settled Amount: £34,419,192
	Amount Remaining: £0
	Percentage Remaining: 0%

5.5 Other Functions

There are several ‘Other Functions’ located on the ‘Home’ page:

Function	Description	Link
Change Password	Change the existing User password.	3.4 Changing a Password
Log out	Log out of the Guarantees Portal.	N/A
Help Section	Provides access to manuals and other helpful material.	5.6 Help Section

5.0 Home Page

5.6 Help Section

There are several reference items that can be found via the 'Help' option on the home page which provide help and support for Lenders.

Function	Description	Link
Ask an Expert	<ul style="list-style-type: none">– Each Lender has a given Expert(s).– Lender 'End User' queries, if they select this option, will be directed to these individuals (Experts).– 'Experts' queries however, will be directed to British Business Bank plc.– All queries that require British Business Bank's attention – ought to come via the Lender's 'Experts' via 'Ask BBB' and not directly to BBB or its employees. This will ensure that the appropriate BBB team member receives the query.– If Lenders deal with internal queries by some other mechanism, then this process remains unaffected and should continue i.e. the 'Ask an Expert' option is simply an alternative escalation mechanism for the Lender's 'End Users'.	14.3 Manage 'Experts'

Downloads	Description	Link
CBIL Facility Letter Wording	The wording that Lenders need to incorporate into their facility/offer letters in respect of CBIL Facilities.	
Personal Private Residence Declaration	The document that the Borrower/Guarantor needs to sign that they have voluntarily agreed to utilise the proceeds (either sale or re-mortgage) to reduce their exposure in relation to a CBIL facility.	
2007 SIC Code Document	A PDF document that will allow End Users to undertake a comprehensive search via SIC descriptions/older codes and provide the 2007 equivalent code.	15.1 SIC 2007 Document

As outlined above, if the Lender 'Expert' is unable to provide an answer to the Lender's End User, then the Lender 'Expert' should contact British Business Bank plc via the 'Ask an Expert' option.

6.0 Search Options

There are several methods of searching for a CBIL facility from the 'Home' page as shown in screenshot 6.1.

Guarantees Portal Screen 6.1: Home Page/Search Options

The screenshot shows the Guarantees Portal interface. At the top, there is a navigation bar with 'Facility Portfolio', 'New Facility', 'Reports', and 'Search'. A 'Lookup Facility' search box is located in the top right corner, with a blue callout bubble labeled 'Option 1' pointing to it. Below the navigation bar, a 'Welcome back, [redacted]' message is displayed, with a blue callout bubble labeled 'Option 2' pointing to the 'View Facility Options' button. A 'Start New Facility Application' button is also visible. Below the welcome message, there is a 'Facility Alerts For The Next 60 Days' section. This section contains three bar charts: 'Eligible facilities which will be removed if not progressed' (with 25, 52, and 191 facilities at 0, 30, and 60 days respectively), 'Facilities which will have the guarantee removed if not drawn' (with 4 and 5 facilities at 30 and 60 days), and 'Facilities assumed to have been Repaid due to lack of updates'. A blue callout bubble labeled 'Option 3' points to the 'View all' button in the first chart.

6.0 Search Options

6.1 Option 1 – Lookup Facility

(Using the Facility Unique Reference Number)

The Guarantees Portal generates a Unique Reference Number for each CBIL facility which can be used to locate the facility from the home page as shown in screenshot 6.1.

The User can input the reference number in the appropriate area provided (white elongated oval with the words 'Lookup Facility' in it) and press the return key. If the User clicks within the white oval and presses return – the entire portfolio will be exposed (this should be avoided).

The facility reference when being typed will provide several options available when 4 characters have been entered (if a facility contains those 4 characters (auto complete functionality)). If the User selects the facility from one of the options that become exposed, it is essential the User ensures that they are selecting the correct facility to update.

Once the appropriate facility has been selected – or the facility reference characters have been entered in their entirety (and the User has pressed 'return') the Facility Summary screen will be shown for the specified facility, as shown in 6.1.1: Summary.

To access further details – the User will need to select 'Facility Details'.

6.0 Search Options

Guarantees Portal Screen 6.1:1: Summary

The screenshot displays the 'Guarantees Portal' interface. At the top, there is a navigation bar with 'Help', 'Change Password', and 'Logout'. Below this is a secondary navigation bar with 'Facility Portfolio', 'New Facility', 'Reports', and 'Search', along with a 'Lookup Facility' button. The breadcrumb trail reads 'Home / Facility Portfolio / Facility FUB6AX8+01'. The main heading is 'Facility Summary for FUB6AX8+01', with an 'Export CSV' button to its right. The facility details are listed as follows:

Facility Scheme:	CBILS
Facility Type:	Term Facility
State:	Eligible
Amount:	<not assigned>
Business name:	<not assigned>
Last modified:	24/09/2020 11:51:49
Modified by:	Demo API User

Below the details are three buttons: 'Facility Details' (highlighted by a blue callout box), 'Facility Changes', and 'View Audit Log'. At the bottom of the details section are two buttons: 'Facility Entry' and 'Cancel Facility'. A green button for 'Data Protection and Disclosure Declaration' is located at the very bottom of the facility details area.

6.0 Search Options

6.2 Option 2 – Search (For a Facility) (Using Other Search Criteria)

There are two types of search criteria, 'Basic' and 'Advanced' as shown in screenshot 6.2. Several criteria can be used to refine the search.

The current options available include a search by:

- Legal name of the applicant business
- Trading name
- Applicant's numerical reference (i.e. Company Registration Number; Charity Number; VAT Number; UTR Number) and
- Facility state

The 'Advanced' option allows other criteria such as lending limit, loan amount ranges, maturity date ranges, loan purpose, postcode, modified date range, last modified User and generic field data to be included in the search. The Business Name of the Applicant and the Trading Name search will show results for any word or part of a word contained in the facility details. To select more than one option within the drop down boxes, use the 'CTRL' key in conjunction with a mouse 'click'.

6.0 Search Options

Guarantees Portal Screen 6.2a: Basic Facility Search

The screenshot shows the 'Guarantees Portal' search interface. At the top, there are navigation links: 'Facility Portfolio', 'New Facility', 'Reports', and 'Search'. A 'Lookup Facility' button is located in the top right. Below the navigation is a 'Home' button. The main heading is 'Search', followed by a brief instruction: 'From this page you can locate an EFG/SFLG facility using basic or advanced search criteria.' A tip states: '(Tip. If required, you can select more than one option by using the Ctrl and Shift keys in conjunction with your mouse).' Another instruction says: 'When you have entered your Search criteria click on the 'Submit' button.'

The search form includes the following fields and options:

- Text input: 'What is the legal name of the Applicant business?'
- Text input: 'What is the trading name?'
- Text input: 'What is the company registration number?'
- Dropdown menu: 'What is the Facility?' with options: 'All states', 'Rejected', 'Eligible', 'Cancelled', 'Incomplete', 'Completed', 'Offered', 'Guaranteed', 'Lender demand'.
- Text input: 'What is the lender's facility reference?'
- Sorting section: 'Select the sort option' with a dropdown menu currently showing 'Business Name'; 'Select the sort order' with radio buttons for 'Ascending' and 'Descending' (the latter is selected).
- A green button: 'Show Advanced Search Options'.
- A blue button: 'Search'.

Blue callout boxes with lines pointing to specific elements provide additional context:

- Four callouts on the right side of the form state: 'User enters appropriate details in any (or combination) of the fields', pointing to the four text input fields.
- Two callouts on the right side state: 'Prior to submitting the 'search' criteria – the User can select the field to sort the results – and determine ascending/ descending order', pointing to the 'Business Name' dropdown and the 'Ascending/Descending' radio buttons.
- A callout at the bottom left states: 'Advanced search options', pointing to the 'Show Advanced Search Options' button.

7.1 Completing the Provisional Eligibility Assessment

From the Home page select 'New Facility' or 'Start New Facility Application' as shown in screenshot 7.1.

Guarantees Portal Screen 7.1: Home Page/New Facility – Start New Facility Application

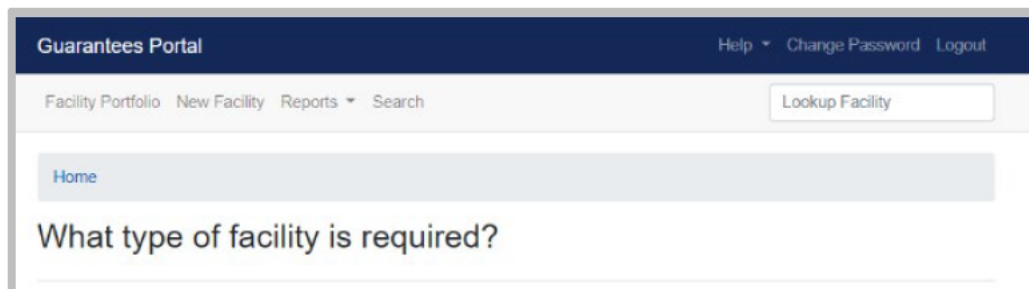

Various details relating to the Applicant and the Facility are requested. At this stage, no name or address details of the borrower are requested and therefore the provisional eligibility check is anonymous.

The Guarantees Portal will determine whether an applicant is provisionally 'Eligible' or 'Ineligible' for a CBIL Facility. At the level of the individual transaction the delivery of CBIL, including Eligibility Assessment is fully delegated to the accredited Lender. In the event of any doubt by the Lender, provisional eligibility should be checked on-line via the Guarantees Portal at the earliest opportunity to avoid any potential wasted effort by the Lender or Applicant.

7.0 Provisional Eligibility Assessment

Guarantees Portal Screen 7.1.1: What Type of Facility is Required?

Lenders will only see the Types of facilities that they have been accredited to use. If a Lender has been accredited to use more than one type of lending, then they will need to select the appropriate type for the lending being undertaken.

7.0 Provisional Eligibility Assessment

Guarantees Portal Screen 7.1.2: Check Provisional Eligibility

Declaration by Lender

Provisional Eligibility

The Coronavirus Business Interruption Loan (the "CBIL Scheme") is being delivered through the amendment and adaptation of the Enterprise Finance Guarantee ("EFG") Scheme Agreement and processes. From 23 March 2020, the CBIL Scheme will replace the old EFG Scheme. Any references to EFG or the Enterprise Finance shall be read and construed as references to CBIL and the Coronavirus Business Interruption Loan Scheme.

Declaration by Lender

In order to be eligible for the CBIL Scheme, the applicant must have confirmed that it has been impacted by the Coronavirus (COVID-19) and you must also consider the applicant to be viable, in line with the test of viability set out in the CBILS Launch Letter (as reproduced below).

For these purposes, "viable" means that the applicant, or the applicant's group, has a viable business proposition assessed according to your normal commercial lending criteria. However, where there are some concerns over the short-to-medium term business performance due to the uncertainty and impact of Coronavirus (COVID-19), provided you reasonably believe that (a) the finance will help the SME trade-out of any short-to-medium term cashflow difficulty, and (b) if the facility is granted, the SME should not go out of business in the short-to-medium term, then the proposition may be considered eligible under the CBIL Scheme.

In determining the eligibility under CBILS for smaller value facilities (e.g. those under £30,000) rather than assessing viability in accordance with the above paragraph (including disapplying paragraphs (a) and (b) in the paragraph above) you may decide that an appropriate approach (either for individual facilities or generally) in considering the eligibility of the applicant is to consider the credit worthiness of the applicant based on the normal unsecured credit score methodology and/or approval cut off (including any appeals process) that you would have applied prior to any changes to reflect Coronavirus (COVID-19) impact. This determination should be based on your internal ratings based on your credit models, as determined prior to the Coronavirus (COVID-19) impact, and in line with your regulatory requirements.

An applicant may self-certify that it has been impacted by the Coronavirus (COVID-19).

7.0 Provisional Eligibility Assessment

The formal approval received from the European Commission does not permit the scheme to be used where an applicant was "undertaking in difficulty" as at 31 December 2019.

This includes businesses that have accumulated losses greater than half of their subscribed share capital as at 31 December 2019, as well as businesses that entered into collective insolvency proceedings or fulfilled the criteria to be put into collective insolvency proceedings, businesses that have previously received rescue aid that is yet to be reimbursed or restructuring aid and are still under a restructuring plan, and businesses that are not SMEs and that have fallen below solvency ratios for the previous two years in each case, as at 31 December 2019.

For facilities under £30,000, the "undertaking in difficulty" test does not apply as a facility of this level is considered to involve a *de minimis* amount of State aid. For facilities of £30,000 and above, the Lender must be satisfied that the applicant was not an undertaking in difficulty as at 31 December 2019 to be eligible for a CBIL Facility.

Please refer to Article 2 (18) of the Commission Regulation (EU) No 651/2014 of 17 June 2014 for a full definition of undertakings in difficulty.

Either the applicant must confirm, or the Lender must be satisfied that the applicant was not an undertaking in difficulty as at 31 December 2019, to be eligible for a CBIL Facility.

7.2 Facility Status – Eligible or Rejected

When the Eligibility Check is complete, the Guarantees Portal will provide one of three responses:

- Facility is Eligible
- Facility Loan is Ineligible
- Facility Loan details are missing/error messages will highlight the areas that need attention

‘FACILITY IS ELIGIBLE’ – If all the eligibility criteria are satisfied, the system will indicate that the Facility meets the eligibility criteria for CBIL and will be saved as ‘Eligible’ as shown in screenshot 7.2. At this point a **‘Unique Reference Number’** will be allocated. It is important that this is recorded for future reference.

Guarantees Portal Screen 7.2: Facility Is Eligible/System Response

The screenshot shows the Guarantees Portal interface. At the top, there is a navigation bar with 'Guarantees Portal' and links for 'Help', 'Change Password', and 'Logout'. Below this is a secondary navigation bar with 'Facility Portfolio', 'New Facility', 'Reports', and a search box. The main content area shows a breadcrumb trail: 'Home / Facility Portfolio / Facility 9ZW4EAH+01'. The primary message is 'Facility is eligible' with a blue dot indicator. Below this, it states 'Your facility reference is: 9ZW4EAH+01' and provides a confirmation message: 'This page confirms that your application is most likely to be eligible. You will need to complete the Facility Entry process before a final decision can be made.' A blue button labeled 'View Facility Summary' is visible. At the bottom, there is an email notification section with the text 'This eligibility decision can be e-mailed for convenience (for internal use only).', an email input field, and a 'Send' button. Three blue callout boxes on the right side of the screenshot point to specific elements: 'Decision' points to the 'Facility is eligible' text, 'Return to Facility Summary' points to the 'View Facility Summary' button, and 'Send decision via e-mail' points to the 'Send' button.

Below the table are three buttons: 'Facility Details', 'Facility Changes', and 'View Audit Log'. At the bottom of the summary area are two prominent buttons: 'Facility Entry' (blue) and 'Cancel Facility' (red). A green button for 'Data Protection and Disclosure Declaration' is located below these. Three blue callout boxes with arrows point to these buttons: 'To review details already entered – select 'Facility Details'', 'To progress to the next stage – select 'Facility Entry'', and 'To cancel the facility – select 'Cancel Facility'.'

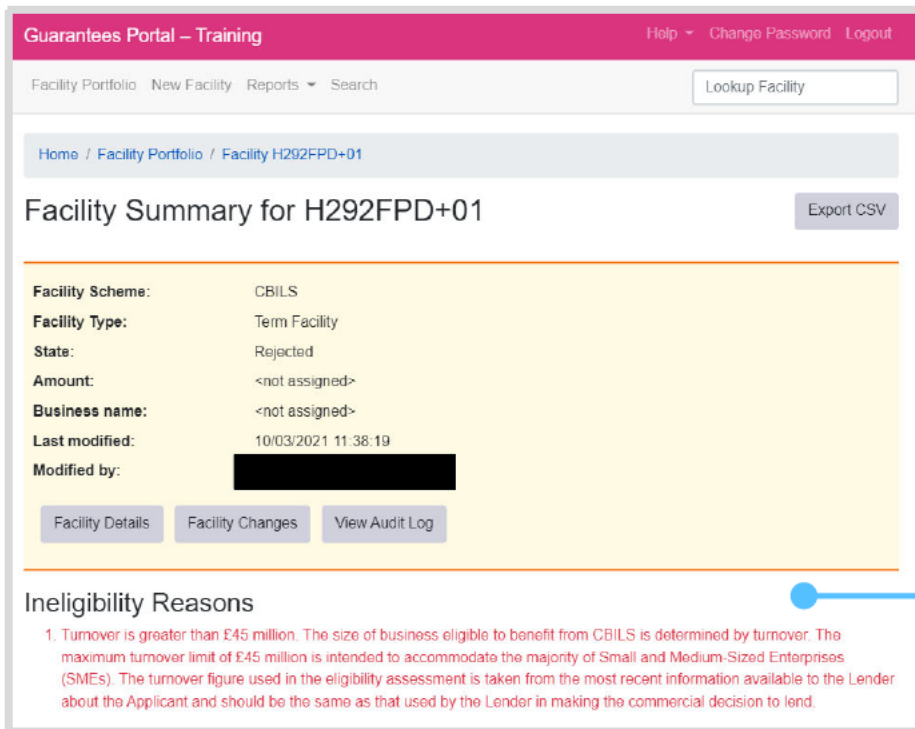

The details within screenshot 7.2.1 can be recalled from the Home Page by using the 'Search Functions' as detailed in Section 6.0 Search Options.

Eligible facilities will remain on the Guarantees Portal for 6 months before being automatically removed if not progressed.

If one or more of the eligibility criteria are not satisfied, the Guarantees Portal will show the Facility as 'Ineligible' and list the reason(s) why. The Facility will be saved as 'Rejected', as shown in screenshot 7.2.2.

Ineligibility Reasons

- Turnover is greater than £45 million. The size of business eligible to benefit from CBILS is determined by turnover. The maximum turnover limit of £45 million is intended to accommodate the majority of Small and Medium-Sized Enterprises (SMEs). The turnover figure used in the eligibility assessment is taken from the most recent information available to the Lender about the Applicant and should be the same as that used by the Lender in making the commercial decision to lend.

Reason(s) for rejection

Once a facility has been 'Rejected', it is not possible to amend the details (the system will, however, allow Users to enter details that are missing before rejection). Therefore, if a Facility has been rejected due to the incorrect details being input (e.g. wrong purpose being selected) a new eligibility check will be required. As with an 'eligible' facility – there is the functionality to email a colleague with the Guarantees Portal's decision.

7.0 Provisional Eligibility Assessment

7.3 Eligibility Decision – Internal Email Option

The eligibility decision can be emailed internally within the Lender's organisation for convenience but **should not be used to communicate directly with applicants.**

- 6**: 'Which Standard Industrial Classification (SIC) code from the UK Standard Industrial Classification 2007 best describes the business sector in which the guaranteed facility will be used?' with a dropdown menu showing 'Please select'.
- 7**: 'What is the current (or where none, estimated) annual turnover of the Applicant (or, if the Applicant is a Group Company, the aggregate Group turnover)?' with a text input field starting with '£' and a note 'This figure can be an estimate'.
- 8**: 'Is (or will) more than 50% of the above turnover generated by trading activity?' with radio buttons for 'Yes' and 'No'. A note below states: 'There is no requirement for a registered charity and further education college to comply with this criterion - select "Yes" if the Applicant is a registered charity or further education college.'
- 9**: 'What is the estimated commencement of trading date of the Applicant business?' with a date input field 'dd/mm/yyyy' and a note 'This figure can be an estimate'.
- 10**: 'What is the postcode of the Applicant's main business address? (In instances where the Applicant's postcode is not available please enter the lender's branch postcode).' with a text input field.
- 11**: '(For banks only) What is the Sort Code of the bank branch or business centre which originated this application? (nnnnnn)' with a text input field.

The data entered here will confirm Eligibility as it should reflect the Yes or No responses given in the Provisional Eligibility Check. It is therefore important to ensure the information is entered accurately.

Facility Demand to Borrower

From this page you can record the details of a first or subsequent demand made on the borrower.

If the demand is subsequently satisfied, the change should be recorded using the 'Change Amount or Terms' screen in order to return the facility to a state of Guaranteed.

- 1 What is the outstanding Scheme Facility Balance (Principal) owed by the Borrower to the Lender as at the date of Final Demand? £
- 2 What was the amount for which demand was made on the borrower (as recorded on the demand letter)? £
- 3 What was the date that demand was made on the borrower (date of demand letter)?

11.0 Actions After Guaranteed

Question Number in 11.3	Question	Input	Comments
1	What is the outstanding Scheme Facility Balance (Principal) owed by the Borrower to the Lender as at the date of Final Demand?	Amount in £	Input the amount of the CBIL Facility as at the time of Formal Demand.
2	What was the amount for which demand was made on the borrower (as recorded on the demand letter)?	Amount in £	Input the amount as recorded on the Demand Letter.
3	What was the date that demand was made on the borrower (date of demand letter)?	Date dd/mm/yyyy	Record the date of the Demand letter.

Select 'Submit' to proceed. Within the 'Facility Summary' screen (Screen 11.3.2) the User will notice that the facility state will have changed to 'Lender Demand'.

11.5 Data Correction

Data correction enables Facilities to be amended where information has been entered incorrectly. **This functionality should only be used in exceptional circumstances.** All Users now have access to this functionality – so it is dependent on each Lender to monitor how often this functionality is being used. If it is being used extensively, Lenders may need to investigate the reasons why.

This option is available for facilities in the ‘Guaranteed’ and ‘Lender Demand’ states. The ‘Data Correction’ option from the ‘Facility Summary’ screen will allow a Lender to change:

- Bank of England Funding
- Business name
- Facility Reason
- Generic fields
- Interest Rate
- Legal Form and Company registration
- Lender reference
- Offer date
- Postcode
- SIC Code
- Sort code
- Sub Lender

11.0 Actions After Guaranteed

- Suspected Fraud Reason
- Trading date
- Trading name

This function should only be used to correct data input errors.

Select 'Data Correction' from the 'Facility Summary' screen. This will display the 'Data Correction' Screen as shown in screenshot 11.3.2. Input the correct data as required and submit. Details of the amendments can be checked via the 'Loan Details' screen.

The Guarantees Portal does not confirm what changes have been made.

12.0 Transferring CBIL Facilities Between Lenders

12.1 Overview

There is no transfer functionality within the portal for CBIL facilities.

These arrangements apply specifically in connection with Lender B providing an CBIL-backed Facility to a Borrower who previously had an CBIL-backed Facility from Lender A, in order for the Borrower to be able to fully repay the balance of that Facility to Lender A. They are therefore limited to an CBIL-backed Facility provided by Lender B which:

- Is for a **value not exceeding the outstanding capital balance** of the previous Facility from Lender A at the point of switching, which itself may not exceed the original value of the Facility when first provided by Lender A.
- Is over a **term which, when combined with the elapsed term of the previous Facility provided by Lender A, does not exceed the maximum permitted** term for the type of Facility involved.

12.2.1 Guarantees Portal Process for Lender A

On receipt of the funds from Lender B the Facility should be updated to 'Repaid'.

12.0 Transferring CBIL Facilities Between Lenders

12.2.2 Guarantees Portal Process for Lender B

Each case should be entered as a new application and processed through to 'Guaranteed' in the usual manner, paying particular attention to the variations to standard procedures detailed below. For the avoidance of doubt, these instructions provide the practical authorisation for Lenders to apply the variations listed in the handling of qualifying cases.

It is likely to be of assistance to Lender B if, at the time of application, the Borrower can provide a copy of the Information Declaration applicable to their previous borrowing from Lender A.

The following tables detail the variation to standard procedures when entering data into the Guarantees Portal during:

- Check Eligibility
- Facility Entry
- Offer Scheme Facility

Guarantees Portal Screen 13.2.3: Reports Function

14.0 Administrator Role

14.1 Role Summary

Each Lender will have at least one system Administrator who has the ability to create and maintain End User accounts – and designate ‘Experts’

Administrators do not have the ability to use any other part of the Guarantees Portal functionality. If an Administrator requires access to other parts of the system (i.e. to input CBIL Facilities or to produce reports) they must set themselves up as an End User (see [14.4 Manage Lender Users](#)).

It is an important security consideration that Administrators are chosen carefully by the Lender and that numbers are kept as low as possible to allow tight controls on the ability to create User accounts/Experts.

14.2 Administrator Creation

To add an Administrator(s) the organisation should contact BBB with the details of the person(s) nominated to be set up as an Administrator. This information should include the individual's name and email address. The email account cannot be a team account or a generic one – it must be the individual's work email address.

BBB will set up the Administrator on the Guarantees Portal.

The automated email will contain:

- A Username and
- A link – so that the Administrator can establish their unique password.

14.0 Administrator Role

14.3 Manage 'Experts'

Within the system, the Lender Administrator can assign individuals as 'Experts' (select Manage Experts (see screenshot 14.3)). Any queries made via the system's 'Help'/'Ask an Expert' option – will ensure that the appropriate query is directed to these 'Experts'. Queries by the Experts will be directed to BBB via the 'Ask BBB' option (an option that is only available to an 'Expert').

Guarantees Portal Screens 14.3: Administrator Home Page/Experts

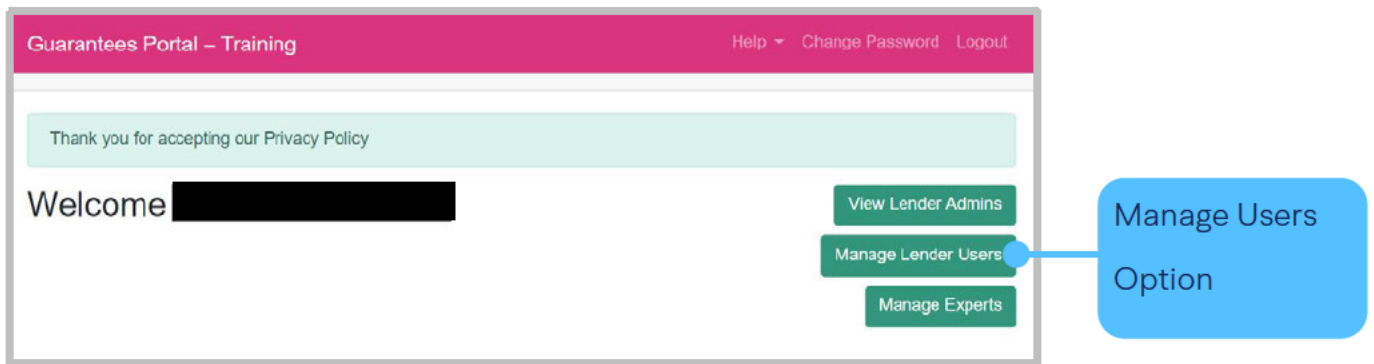

The image contains two screenshots of the Guarantees Portal interface. The first screenshot shows the Administrator Home Page with a pink header bar containing 'Guarantees Portal – Training', 'Help', 'Change Password', and 'Logout'. Below the header is a green bar with the text 'Thank you for accepting our Privacy Policy'. The main content area says 'Welcome [redacted]' and has three green buttons: 'View Lender Admins', 'Manage Lender Users', and 'Manage Experts'. A blue callout box labeled 'Manage Experts' points to the 'Manage Experts' button. The second screenshot shows the 'Experts' management screen. It has the same pink header. Below the header is a grey bar with 'Home'. The main content area is titled 'Experts' and features a dropdown menu labeled 'Select a user', an 'Add Expert' button, and a table with one row: 'Name' | 'Tim Jones' | 'Remove'. Three blue callout boxes provide instructions: '1) Select a User via the drop down' points to the dropdown menu, '2) Then Add User as (to the list)' points to the 'Add Expert' button, and '3) To Remove a User – select 'Remove'' points to the 'Remove' button.

14.0 Administrator Role

14.4 Manage Lender Users

When an Administrator uses the Guarantees Portal, the Home Page is displayed as shown in screenshot 14.4. From the Home Page, the Administrator should select 'Manage Users'.

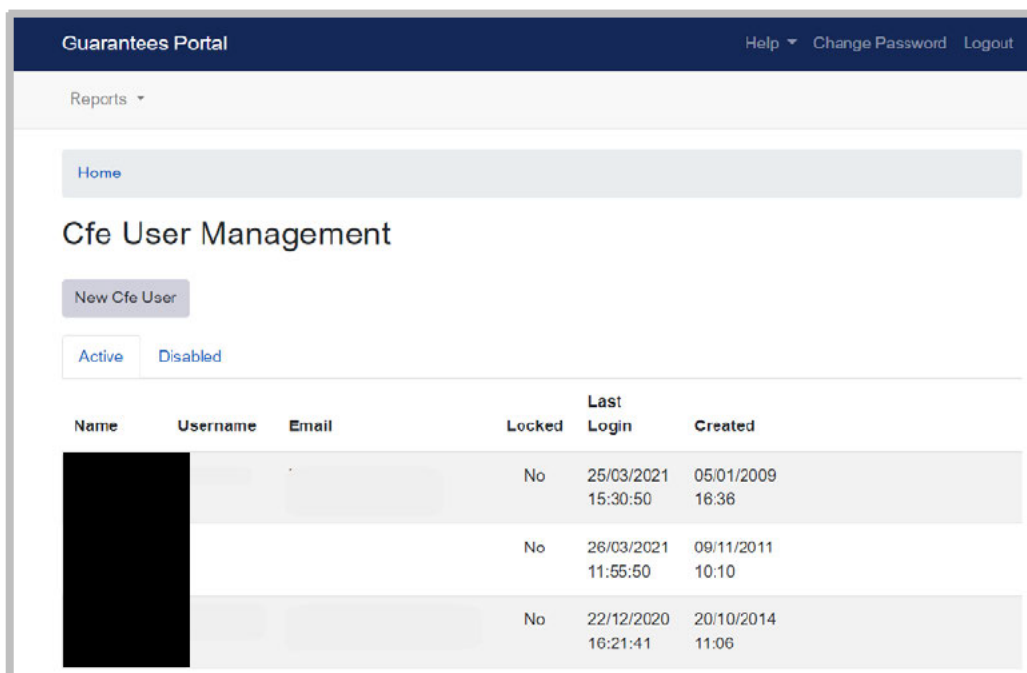

Guarantees Portal Screen 14.4: Administrator Home Page/Manage Users

This will provide a list of the organisation's current Users as shown in screenshot 14.4.1.

(Elements of the screen below have been removed i.e. Surnames and Usernames)

Guarantees Portal Screen 14.4.1: Manage Lender Users/User Management

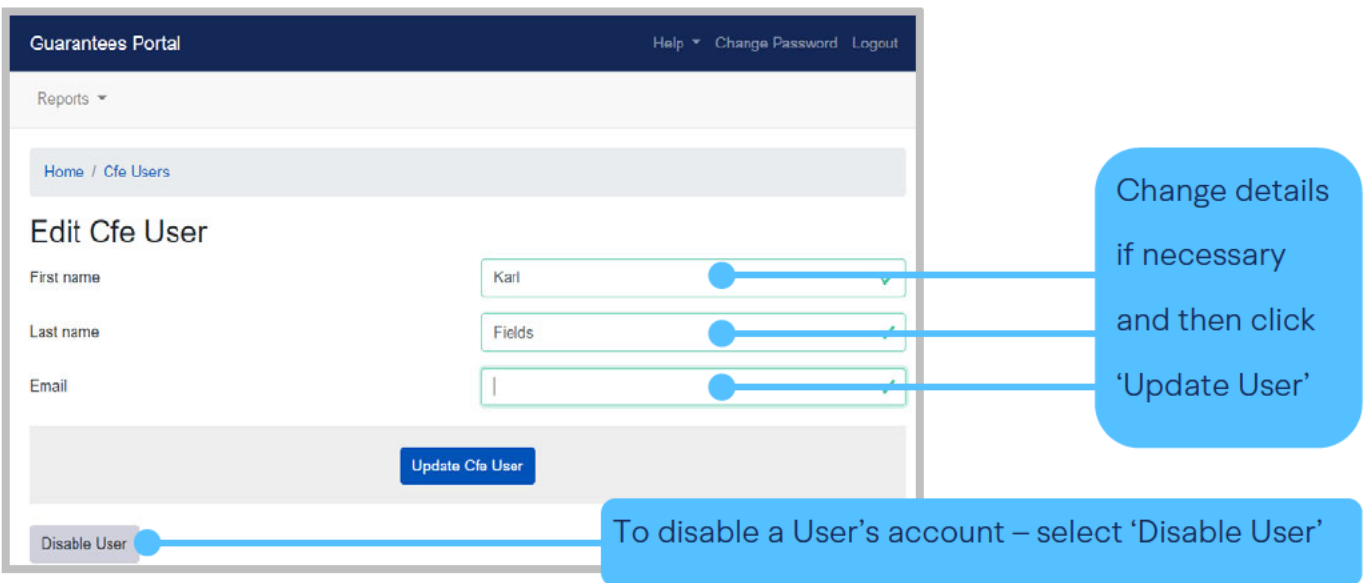

14.0 Administrator Role

The following actions are available from the “Manage Lender Users” screen:

Action	Details	Link
+ New User	Set up a new User on the system	14.5 ‘+ New User’/ (Create a New Lender User)

Select existing User by moving the cursor over the Username until the cursor changes to a  and ‘click’ Amend the User’s details (see screenshot 14.4.2). This includes disabling/removing users.

Guarantees Portal Screen 14.4.2: Manage Users Details

The screenshot shows the 'Edit Cfe User' interface. It includes input fields for 'First name' (Karl), 'Last name' (Fields), and 'Email'. A blue 'Update Cfe User' button is positioned below the fields. A 'Disable User' button is located at the bottom left. A blue callout box on the right states: 'Change details if necessary and then click ‘Update User’'. A blue callout box at the bottom states: 'To disable a User’s account – select ‘Disable User’'.

It is important that the email address is correct for all Users.

The ‘Forgot Password’/password re-set function is resolved via the system and generates an automated email to the User’s email account.

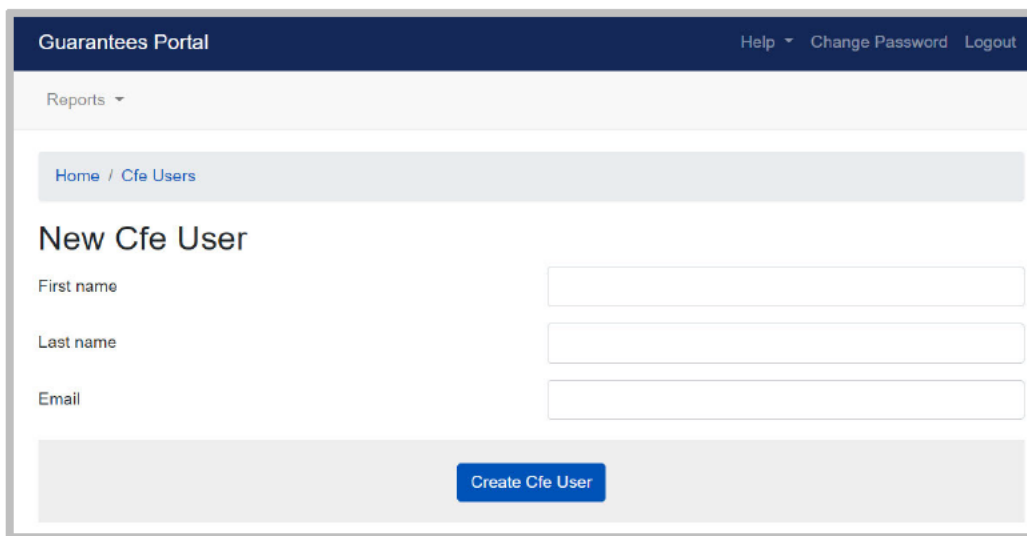

14.0 Administrator Role

14.5 '+ New User'/(Create a New Lender User)

This function allows the Administrator to create a new (End) User on the Guarantees Portal.

Select '+ New User' from the 'Manage Lender Users' screen and the 'New User' screen will be displayed as in screenshot 14.5.

Guarantees Portal Screen 14.5: + New User/Create A Lender End User

The screenshot shows the 'Guarantees Portal' interface. At the top, there is a dark blue header with 'Guarantees Portal' on the left and 'Help', 'Change Password', and 'Logout' on the right. Below the header is a light grey navigation bar with 'Reports' and a dropdown arrow. A breadcrumb trail shows 'Home / Cfe Users'. The main content area is titled 'New Cfe User' and contains three input fields: 'First name', 'Last name', and 'Email'. A blue button labeled 'Create Cfe User' is positioned at the bottom center of the form.

The following information should be completed for the End User:

Field	Details
First Name	Enter the first name of the User.
Last Name	Enter the surname of the User.
Email	Enter the proposed User's email address – this must not be a team email account, a generic account or a personal email account. It must be the individual's work email address.

14.0 Administrator Role

Once all the information has been entered, select 'Create User' to create the new End User.

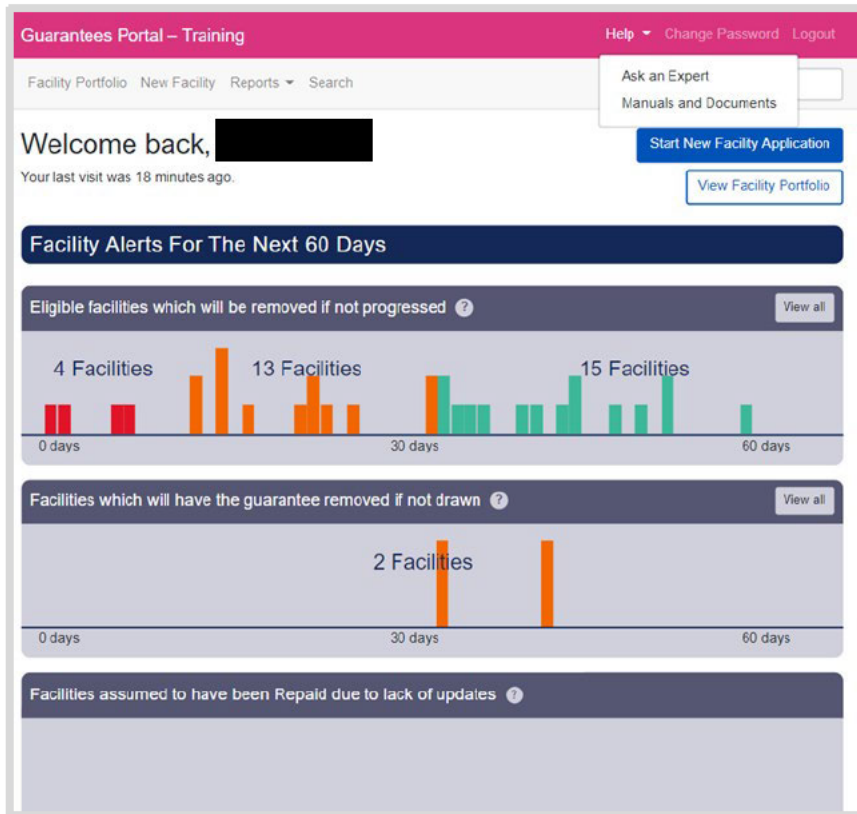

An email will be sent to the User with the following details:

- User Login ID and
- A link to establish their password

The Administrator receives confirmation that instructions have been sent to the End User.

To get back to the list of End Users the Administrator can select 'Back to Lender Users' – or the "Coronavirus Business Interruption Loan" text to return to the home page or the 'User Management' option in blue text.

15.0 Help and Support

Behind the 'Help' option – there is the functionality to 'Ask an Expert' or for Admin Users 'Ask BBB' – see earlier.
