

British Business Investments Ltd

British Business Investments is the trading name of British Business Investments Ltd (BBI), a wholly-owned commercial subsidiary of British Business Bank plc (BBB), the UK government's economic development bank. BBI aims to earn a commercial return by investing – through finance providers – in smaller businesses and small mid-caps, pursuing investments on a fully commercial basis without receiving any advantage from the government.

BBI has a diverse investment focus involving debt and equity with a portfolio of direct lending funds, asset finance businesses, challenger banks and FinTech companies and platforms. BBI's current fund-of-funds investments are set to increase together with the Company's support for Business Angel activity.

The person appointed will be working as part of a small team. Some of the key areas covered on this role include:

- Develop knowledge of BBI's products and asset classes
 - Work with each Director to understand the different product areas and assess investment opportunities.
- Work on live transactions
 - Develop an understanding of BBI's investment criteria and process from start to completion.
 - Assisting the investment team on new deal origination and due diligence transactions.
 - Contribute to portfolio management where you will be monitoring the performance of varied investments.
- ESG
 - Contribute to analysing BBI's delivery partners and their ESG strategies.
- Wider BBB
 - Understanding what BBB as an organisation does and how relevant teams work with BBI.
 - Network with other teams in the wider BBB group to understand their roles.
