

Venture Solutions Regional Funds

The Regional Funds (RF) team is responsible for designing and delivering regional focused debt and equity funds. The team currently has four funds in operation with commitment to deploy over £800m before (2023). It is an exciting time to be part of the team as it is contributing directly to the UK Government's 'levelling up' agenda and also to a number of the Bank's key objectives including addressing regional disparities in accessing finance

Some of the responsibilities you will have include:

- Support the RF Team in production of reporting materials for internal and external stakeholder meetings:
 - Compile any relevant data in the appropriate format.
 - Put information together in a timely manner
 - Identify initial areas requiring further investigation / devise questions for discussion.
- Support the RF Team with ongoing research into priority areas such as “The transition to a low carbon economy”, key sector tagging, support for female entrepreneurs and ethnic minority businesses
 - Review existing investments and identifying those which can be classified under these priorities.
 - Ensure the correct classification is held and checked in conjunction with our Fund managers.
 - Put the information together in a quick and easy to understand format that can inform future policy
- Support the RF team with data gathering and validation, drawing data from the current portfolios and associated analysis as required, including:
 - Data and analysis requests from internal and external stakeholders
 - Data for Governance Review meetings
 - Fund management data review and validation
